begins in the bowels. It's the unclean places that breed infectious epidemics, and it's the unclean body—unclean inside—that "facthes" the disease. A person whose stomach and bowels are kept clean and whose liver is lively, and blood pure, is safe against yellow fever, or any other of the dreadful diseases that desolate our beautiful and. Some of the cleanest people outside are filthiest inside, and they are the ones who not only "catch" the infections, but endanger the lives clean inside so as to prevent disease and that is to take CASCARETS.
